

## VOICE TEST SCRIPT FOR RADIO PRESENTER AT OFM

Created by: Nick Efstathiou

**Script 1** – read the below script as if you were speaking to a friend. Concentrate on the flow of sentences when reading, the tone of your voice and the pronunciation of the words.

>>>

I am \_\_\_\_\_ This... is my voice.

There is no music, and there are no sound effects... only the pure, clear sound, recorded for your ears.

I am a voice over artist, a voice actor, a voice talent, and I can convey my message in many ways, in many tones and with many emotions.

I can speak in a very light whisper, to share an intimate message with you. Or my voice can boom deeply, demanding respect from those who are listening. My voice can express sympathy to someone who has just experienced a great loss, or it can reflect the happiness one feels after having accomplished something great!

I am a voice actor...and this is my voice.

>>>

**Script 2** – Read the following script as if you were on the air encouraging the OFM listener to get behind this good cause. Concentrate on the flow of sentences when reading, the tone of your voice and the pronunciation of the words.

## STEMTOETSMANUSKRIP VIR RADIO-AANBIEDER BY OFM

Saamgestel deur: Nick Efstathiou

**Teks 1** – lees die onderstaande teks asof jy met 'n vriend gesels. Konsentreer op die vloei van sinne wanneer jy lees, jou stemtoon en die uitspraak van die woorde.

>>>

Ek is \_\_\_\_\_ en hierdie ... is my stem.

Daar is geen musiek nie, geen byklanke nie... net die helder, suiwer klank, wat vir jou ore opgeneem is.

Ek is 'n stemkunstenaar, 'n stemakteur, 'n stemtalent, en ek kan my boodskap op verskillende maniere oordra, in verskillende stemtone en met verskeie emosies.

Ek kan baie sag fluister om 'n intieme boodskap met jou te deel. Of my stem kan hard weergalm, om respek af te dwing by dié wat daarna luister. My stem kan simpatie oordra aan iemand wat pas 'n groot verlies gely het, of dit kan die vreugde weerspieël wat iemand voel nadat hulle iets groots bereik het!

Ek is 'n stemakteur... en hierdie is my stem.

>>>

**Teks 2** – Lees die volgende teks asof jy op die lug is en die OFM-luisteraar aanmoedig om hierdie goeie saak te ondersteun. Konsentreer op die vloei van die sinne wanneer jy lees, sowel as jou stemtoon en die uitspraak van woorde.
